Moodle Party

La Paloma, the oldest dance hall in Europe.

The history of Paloma dates back to 1903. Boleros, rumba, chachachá and disco animated the nights of La Paloma, in Raval, for more than a century.

Starting in 1999, it experienced a second splendid era in which it became a key point of musical miscegenation and the most select and hedonistic electronic music. This was abruptly cut short in 2006 due to its closure by municipal order.

In September 2022, La Paloma opens its doors to welcome the Moodle community.

Note: The party is a ~35 minutes walk or ~25 minutes by metro (L1) from the conference venue.

Covid-19 Advice

Since the travel restrictions for travellers coming to Spain may be changing, we strongly recommend you consult the latest travel information to enter Spain by visiting the following websites:

- This webpage from the Spanish Ministry of Health - Spain Travel Health (SpTH) answers some questions about the requirements to enter Spain.
- Check the general Spanish Ministry of Health website.
- Check the Travel Safe Spain website, which contains very useful information about travelling to Spain.

As per the current Catalan and Spanish Health authorities guidance, proof of double vaccination is not mandatory to attend the event. Masks are currently required on public transport in Barcelona, so please travel with a mask. **Health and safety for all participants is our main priority, so we encourage all participants to take a lateral flow (rapid) test before attending the event and to stay home if they are feeling unwell.** Please note, we are monitoring government guidance and will adapt our plans as necessary. Any major changes will be communicated via email and published on the event website, so we recommend you check this regularly.

You are encouraged to wear masks indoors; however, in line with current Spanish and local government health guidelines (April 2022) this is not obligatory and **we respect your choices regarding mask wearing.** For health and safety reasons, the Hotel may apply some additional measures adapted to the current situation. We are monitoring the Catalan and Spanish government guidelines and we will be updating the website accordingly.

If you test positive for Covid-19 before the event, you will need to notify us in writing via our contact form before midnight Sunday 25 September 2022 (UTC+2) and send us proof of a positive Covid-19 test. You will receive a refund, minus an administration fee of €50. No refunds will be given due to non-attendance or after this date. Once you complete the contact form, the MoodleMoot Global team will get back to you in due course to confirm the next steps.

If current Covid restrictions result in the cancellation of the live event, the event will be postponed or moved to an online format. All registrations from attendees will be automatically transferred to the new dates. If the event is rescheduled, it will be held within 12 months of the original conference dates. All attendees will be notified via email and given the option to receive a full refund. If the event cannot be rearranged within this timespan, all attendees will be given a full refund.

See you in Barcelona
