What do we do ?

① Database Activity Enhancement Project - 4.1

Why?

- The database activity can prove very hard to use.

How?

- Improving both the database activity's User Interface and the User Experience.

2 Bulk edit activities in course view page - 4.2

<u>Why</u>?

- Each activity can only be edited manually, which is not state of the art

<u>How</u>?

- adding bulk editing of activities (e.g. hide, delete, …)
